Speakers

Daniel R. Jones, MS, AG is an Accredited Genealogist specializing in Swiss and German research. His interest in genealogy began when as a youngster he would pore over his mother's Book of Remembrance, but his love of family history took off at the age of 13 when a Boy Scout merit badge brought him to a Family History Center at a local LDS chapel. Daniel has been working professionally since 2003 in helping several high-profile clients with research all over Europe. He has experience in numerous archives across more than a dozen countries in Europe, North America, and Africa. Daniel is a staff member on the International Floor at the Family History Library in Salt Lake City, Utah.

Deanna Bullock has been researching her family history since she was a teen. She studied Family History at Brigham Young University in Provo, Utah and is currently the Director at the Cochrane Family History Centre. Deanna has been a speaker at genealogy conferences across Western Canada and continues to upgrade her skills by attending genealogy institutes in Salt Lake City, and putting into practice the things she learns from colleagues, journals, magazines, podcasts and blogs.

Cassie Leszczynski is an Librarian's Assistant at the Cochrane Public Library. She started researching her family tree two years ago through classes at the Library. The research has grown from a folder to a box; an interest to a full-fledged hobby. Cassie currently researches in Canada, Ireland and in Poland.

Candice Fisher is a wife and mother of four who finds time to take evening classes to finish her university degree. Candice has a passion for family and a strong interest in connecting the past to the current day by finding and sharing her ancestors' stories with her children and extended family.

Myrna Hunt is a long time family history and genealogical researcher. She is currently both the director for FamilySearch's online indexing initiative in the northwest Calgary region as well as a volunteer for FamilySearch, answering online and phone questions for patrons who use FamilySearch.
